Confidential - DO NOT Distribute - No other assembly SKUs are authorized

You may ONLY use the appropriate assembly SKU for the above items (you can use the same assembly SKU for the same model/different color or "accessory option" regular merchandise SKU)

Assembly work not covered by these specific SKUs must be negotiated between store management and assembler and a store Expense PO must be issued prior to assembly work being performed

All assembled product must be visually verified by the D28 Department Supervisor or the Manager on Duty and their signature captured on the assembler's invoice before key rec # is issued.
